PROFILE

Experienced **Frontend Web Developer** with **2+ year's** of expertise in crafting high-quality, scalable, and responsive web interfaces. Adept at producing clean, maintainable code and solving complex technical challenges. A strong collaborator with a proven ability to contribute effectively within team environments.

WORK EXPERIENCE

Ethics Infotech LLP

01-06-2024 - PRESENT

Associate Software Engineer

- Spearheaded multiple projects as a **Associate Software Engineer at Ethics Infotech**, utilizing front-end technologies like **html5, css3, javascript(ES6), React js and bootstrap, mui, tailwind** to create intuitive and visually engaging user interfaces.
- Collaborated with cross-functional teams to translate design concepts into fully functional websites and web applications.
- Implemented responsive designs, ensuring optimal user experience across various devices and screen sizes.
- Optimized website performance, improving load times and enhancing overall functionality.

Ethics Infotech LLP

27-09-2023 - 01-06-2024

Software Engineer Trainee

- As a Software Engineer Trainee at Ethics Infotech LLP, I developed user-friendly front-end and Fullstack interfaces, turning design concepts into functional websites.
- ensured responsive design, performance optimization, and cross-browser compatibility.
- My detail-oriented approach and focus on user experience consistently led to high-quality solutions that exceeded client expectations.

PROJECTS

Exclusive ([Link](#)) ([Code](#))

Features:

- Login/Signup/Logout User.
- Add to Cart/Remove Items.
- Add to wishlist
- Inc. and Dec. product quantity.
- Product Search & API integration

Tech Stack: React, React router, Redux, Firebase, bootstrap. css3, html5, javascript,
Deployed On: Netlify.com.

I worked on various projects so far
